

TECHNICAL DATA SHEET: **AFMA200**

Sign and Display **GAL'ART ROLL UP MATTE 200**

Sign and Display Media

DESCRIPTION

CMA GAL'ART Roll Up 200 has a double layer coating with PET&PP providing anti-curling and proper stiffness. The matte finish reduces and improves density. With a non-transmissive backside coating is the perfect background for brilliant full color prints. CMA GAL'ART Roll Up 200 is water resistant and has an Ultra White Surface, with these features it makes this the media of choice for the most demanding of applications.

APPLICATIONS

The Sign and Display GAL'ART Roll Up 200 uses PET&PP coating making it perfect for many applications – applications include:

- Posters
- Point of Sale
- Point of Purchase
